## Rice Market Report

**Italy:** At the Vercelli market on Tuesday, an increase of €50/mt was reported on the price list on almost all varieties of round paddy rice and Roma/Barone, Baldo/Cammeo and Arborio rices.

It was specified on this same list “For the current week, the Commission notes limited trade in all varieties of paddy rice, with the exception of long B. Nominal prices for St. Andrea and Gloria”.

It is very difficult to understand what the farmers have in mind; they are increasing prices and despite these increases they do not want to sell the paddy. It is therefore complicated for rice mills to offer milled prices. No one knows if by offering, if they will subsequently really be able to cover themselves in paddy at the price used for their calculation.

The price of by-products has increased by €10/tonne. Noted that, it seems that higher prices than the prices displayed on the Vercelli list are requested.
