Rice Market Report

Italy: The market is stable. Not much has happened in recent weeks. The Selenio paddy has come down to €360-370/mt, this is explained by the fact that restaurants are closed in Italy and that it is mainly Chinese restaurants that consume it in Sushi rice. This week it looks like it is possible to find some round Sole paddy at €330/mt. As for the Indica paddy, no price improvement, moreover it is even difficult to buy at €350/mt...

The by-products are in high demand. Italian flour mills buy all the broken they can find, good quality as well as poor quality, and at high prices. The biggest problem is the lack of product availability.
