## Rice Market Report

**Italy:** Prices continue to fall officially, but exchanges are still limited.

There is no more Paddy Baldo or Paddy St. Andrea available.

Still no news regarding the forecasts of sown areas for the new crop.

The rice having been sown quite late; the general idea is that it will be necessary to wait until October to have new crop rice. So far everything is going well, the rice fields do not suffer from any lack of water, the ears are beautiful and green.

If the climatic conditions remain good, we should have a good crop. The future will tell.

The prices of by-products have remained stable.
