## Rice Market Report

**Italy:** Turkey benefits from a large reduction in customs clearance fees, so it is back on the market to acquire Baldo. So this week a lot of rice mills were looking for this variety, very difficult to find elsewhere. As a result the paddy has risen to €420-430/MT and the voices say that the farmers would like to get €450/MT.

This morning at the Mortara market some voices say that someone has agreed to pay €320/MT for paddy Centauro as well as for the long A Crono. To be followed up.

The by-products are stable but many rice mills are starting to tell us that the general idea which is that we have more availability this campaign is probably wrong...
