Rice Market Report

Italy: The market is always quiet, it does not happen much, it must be said that prices remain high and rice mills do not want to pay these prices.

The prices are difficult to set because if it is the farmers who need to sell then they will perhaps make an effort (small reduction) but if it is the rice mill that seeks it will have to disburse at least the prices listed below.

A small decrease on the Indica paddy €320/MT is noted and on the Arborio also €520-530/MT.

The by-product market hardly changes, they are always hard to find...
