Rice Market Report

Italy: New increases at the Vercelli market on Tuesday, on long paddy rice A Japonica, round, Roma/Barone, Arborio and Indica.

Paddy Indica is listed at €485/mt, it is a calculation that has been made based on price of €500/tm that farmers ask with a long-term payment, while market prices are normally calculated with a 60-day payment. The reality is that today farmers do not want to sell Indica paddy below €500/mt. For the moment the parboiled rice mills are holding on and are not paying.

The price of by-products increased slightly last week but remained stable this week.
