Rice Market Report

Italy: At the market on Tuesday, the round Centauro paddy rose by €50/mt to reach €600/mt, while the long A Crono paddy reached €500/mt.

It's difficult to give prices for round rice today. It depends greatly on the quantities sought. Looking for two or three trucks is one thing; looking for 500 tons is a completely different matter. It's not entirely wrong to say that anyone who still has some in stock at home can sell it at whatever price they want. For example, officially, Omega paddy is listed at €550/mt, but in reality, farmers are asking for more.

The Arborio market is relative; some rice mills still offer €1'600/mt, while others accept €1'500/mt.

The prices of finished products today depend largely on the availability of rice mills, the paddy they still have at home and, of course, the yield.
