Rice Market Report

Italy: The market appears to have stabilized. Since last week the Selenio paddy has dropped to €370-380/mt and the Centauro on the other hand has risen to €370/mt. Regarding the other paddies, there is no change to note. It is obviously not easy to make a deal with the prices this year, as time passes it seems that we have to make up our minds that we are going to live a particular year in terms of prices and that there will be no significant drop in the coming months.

I again specify that the prices below ARE INDICATIVE ONLY.

The by-products remain in high demand and there is no availability. Some rice mills hope to have more availability in the coming weeks.
