

## Rice Market Report

**Italy:** We no longer find Indica paddy at €370/mt now the minimum is €380/mt but the farmers are already thinking of €400/mt so we cannot say that they have a great desire to sell below €400/mt. The long A paddy prices (Luna type, etc.) went up. For the round paddy some say that at €320-330/mt it is difficult to buy paddy and the farmers want €350/mt others say that it is still possible to buy €320-330/mt.

The paddy price of the Arborio group went down a bit, some varieties can be found at €480 and others at €500/mt. Regarding white rice there are several prices circulating ranging from €850 to €910/mt. A small decrease is also noted for the Carnaroli group, probably because there is not much demand.

By-products are still in high demand and expensive, prices have increased further. The problem of the lack of availability of products remains.
