Rice Market Report

Italy: At the market this morning not a single price went down, they remained the same or have increased. The general idea is that prices tend to rise and this probably until December.

Most affected are the Superfino (Carnaroli and Arborio) but also round rice. CENTAURO paddy increased to €370-380/MT, SOLE'S price is a nominal, it stayed at €350/MT but no farmer has agreed to sell at that price. For now millers resist and do not want to offer more. If you have any needs on these products for January-February, it would be wise to consider covering you as soon as possible.

Indica paddy is at €320/MT.
